

Department of Pharmaceutical Sciences, HNB Garhwal University (A Central University), Srinagar-Garhwal, UK

Dear Applicants

The process of on-line verification of admission forms of the first semester of B. Pharm. course for the session 2020 – 21 has been completed from our end. It appears that some candidates fall in the red zone and some are in yellow.

The applicants whose name appeared in the red zone are having some deficiencies/objections. They are required to fulfill the requirement as raised in the remark column by uploading desired documents in the web portal. The last date for the same is 17.10.2020 (Saturday). If found ok and again after re-verification of uploaded above documents, the objections will be removed from our end and your name will appear in the yellow zone. After that, the merit list for admissions will be prepared and displayed on the University web site.

Note:

1. There are some complaints that the documents in most of the cases are not uploaded, my suggestions in this regard is that you reduce the size of the uploading document file. For the same you may take the help of a computer expert.
2. You upload your documents in a web portal only, received documents in return mail and off-line mode shall not be considered.
3. Desired documents uploaded after 17.10.2020 shall not be considered for merit list preparation.
4. Calculation of final eligibility percentage i.e., 12 class marks will be done by the admission committee. It will be the last and final for the preparation of merit list for admissions.
5. Application of underage candidates are rejected.
6. Application of candidates failing in any core subjects are rejected.
7. Only Central Govt. OBC category certificates will be applicable. The candidates are required to produce non-creamy layer certificates of their parents of preceding financial year.
8. For more information you refer on-line admission prospectus (<https://www.hnbgu.ac.in/sites/default/files/2019-12/hnb-prosp.pdf>) and visit University website (<https://online.hnbgu.ac.in/>)
