the opportunities. The Hon'ble members appreciated the efforts made by the University Administration in the development of the University. Thereafter, the agenda items were taken up for discussion and approval.

Resolution:

(3.2): Ratification of the decisions taken by the Vice-Chancellor in allowing absented/failed students to appear in the two sessional tests of course(s) after the completion of IV semester end term examinations as a one time relief.

The University has introduced Semester system with Choice Based Credit System (CBCS) of examinations from the academic session 2011 -12. The students of 1<sup>st</sup> batch i.e. I Semester (2011) were not fully aware of the Ordinance especially regarding appearing compulsorily in the two (02) sessional tests. As a consequence some students absented or performed poorly in the sessional tests resulting in failure. This was evident, more so, after the declaration of back log examination results (I semester in 2013), as the marks obtained earlier in the sessional tests were carried forward in accordance with the ordinance.

In the meantime many a departments/colleges re-conducted (in 2012) the sessional tests of absented/failed students and submitted awards of the same to the office of COE. Among these, some of the absented students had produced relevant documents like, Medical Certificate, Certificate from competent authority, etc. in lieu of their absence from sessional tests. However, their sessional tests were re-conducted by the concerned department later during II semester. Whereas, the ordinance allows re-conduct of sessional tests only before the end term examinations (in this

case I semester, 2011). This happened due to ignorance on the part of the faculty regarding the regulations.

Due to the above mentioned reasons primarily as a result of ignorance and lack of understanding regarding the regulations governing the CB CS, a situation has arisen where many students have not been able to attain passing marks even in the subsequent back log examinations (I Semester).

Keeping in view the interests of students, considering mainly the fact that a new system of examinations was introduced in the University and the students as well as the faculty took some time to familiarize themselves with the rules and regulations of the programme, it is proposed that one time relief may be allowed to such absented/failed students of Ist Semester (2011-12 session) to appear in the two sessional tests of course(s) after the completion of IV semester end term examinations as a one time relief. The marks thus obtained may be included in calculating the results.

The decision taken by Vice-Chancellor is placed for ratification and approval.

Resolution:

The Academic Council resolved to ratify the decisions taken by the Vice - Chancellor.

(3.3): Ratification of the decisions taken by the Vice -Chancellor in the Ordinance for Under Graduate and Post Graduate Courses of Study of the University.

At present the end term examinations of the IV semester (2011-2013) are scheduled to commence from 19<sup>th</sup> July, 2013 onwards. Therefore, in order to fulfill the requirement of acquiring a minimum of 72 credits including 54 credits in core and 18 credits in elective courses, after amendment , it will facilitate generation of the results of IV semester in accordance of ordinance governing the courses of study in the university.</p>
<p>16 n (viii) Any candidate who falls short of the required number of credits for the award of the degree may be permitted to register, by paying the prescribed re-registration fee, for the required number of course (core and/or elective) when it is offered (Annexure D).</p>	<p>16 n (viii) Any candidate who falls short of the required number of credits for the award of the degree may be permitted to register, by paying the prescribed re-registration fee, for the required number of credit (core and/or elective) when it is offered .</p> <p>Further the candidate may be permitted to reappear in the sessional tests only, if desired so. However, he/she may reappear in the end term examination also.</p> <p>Also, the re-registration fee may be decided on the basis of number of courses applied for.</p>	<p>To provide another opportunity to the candidates who have failed to acquire the required number of credits for the award of degree.</p>
