About the Faculty: Kuldip Kumar Tamta is a faculty member in Department Electronics and Communication Engineering at School of Engineering and Technology. He has been teaching for last Eleven years to the undergraduate students. Currently he undertakes theory and laboratory courses related to Digital Electronics, Antenna Design and communication System. Previously, he has worked as an Assistant Professor for 4 years in SRMS college of Engg. & Tech., Bareilly. He is a post graduate in Electronics and Comm. Engg. from GB Pant University of Agriculture and Technology, Pantnagar (Uttarakhand) in 2008. He graduated in Electronics and Communication Engineering from Uttar Pradesh Technical University in 2004. He qualified the GATE-2006 examination with 92.67%. His technical expertise includes Antenna Design, Communication systems and Microwave and RF Designing.

Specialization : Microstrip Antenna Design, Microwave and RF Systems.

Qualification : M. Tech., B.Tech.

Research Interests : Antenna and Microwave system designing

UG Courses : Basic Electronics, Digital Electronics, Antenna & Wave Propagation, Microwave/RF and Communication.
