APPEAL

(ALL EMPLOYEES AND PENSIONER OF THE UNIVERSITY)

All of you are aware of extraordinary situation due to spread of Corona Virus (COVID-19) and lockdown thereupon. We are fighting against this pandemic and trying our best to stand united against this fight. I strongly believe that with the contribution of every citizen, our country will win over this situation. In view of the grave this situation the University fraternity has already unanimously contributed one day's salary in the Prime Minister's Care Fund; however, it would be more fruitful if we can contribute more generously for this fund. Some of the faculty members have also written to me to increase the contribution, therefore, I appeal to all the regular employees (Teaching and Non- Teaching) to contribute five day's salary instead of one day's salary in the Prime Minister's care Fund. The teaching faculty upto Associate Professor level may contribute to decide five day's salary and all Assistant Professors and non- teaching employees may decide to contribute two day's salary so that we can send a good amount to this fund. I also appeal to all the pensioners of the University to kindly contribute one day's pension for the same and inform the account section or registrar about this. All concerned employees/pensioners are informed that this contribution is of voluntary nature and those who do not wish to contribute may indicate their unwillingness within one week of issuance of this appeal through e-mail registrar.hnbgu@gmail.com.

Prof. Annpurna Nautiyal
Vice Chancellor
