The progress of the students is evaluated periodically by various measures. The various methods are carried out by the centre to evaluate the performance of the students. MCQ based mock tests are conducted (for CSE prelims) to evaluate the progress of the students. This helps students to learn the topics with better understanding keeping UPSC pattern in mind. Till CSE prelims 2023, centre has conducted fourteen Mock tests (i.e. 8 full length + 6 sectional) to evaluate the progress. Answer writing practice is also conducted periodically (for CSE mains preparation) at the centre to prepare students for the mains examination. Answer writing helps students to understand the patterns of Mains exam and the depth and analytical nature of questions being asked in the previous year papers. Moreover, feedback from the students is received after each class by the concerned faculty and periodically by the coordinator. Moreover, an online questionnaire was also shared with students to get their feedback periodically. Before the UPSC-CSE prelim, a series of full length Mock Test was organized by DACE for boosting confidence of the students and analyzing their preparation/progress. The full length test series comprises of 8 mock tests in the last three weeks of preparation before preliminary examination. Moreover, two full length Mock Tests were made open to all the civil services aspirants from the different departments of the university to compare the progress of DACE students with other CSE 2023 aspirants.

In addition to regular classes, various other activities were also conducted by DACE for the overall personality development of CSE aspirants. Following activities were conducted as follows. To bring environmental awareness among students, a talk on climate change was organized by the DACE. Prof. S.P. Sati, an eminent environmentalist and researcher was invited to deliver a keynote lecture on the climate change and its consequences. The talk also covered the impact of climate change on Himalaya/Himalayan region. Similarly, to boost the confidence of students for the UPSC-CSE preparation, a motivational lecture was organized by DACE. Prof. D.S. Negi, a motivational speaker and former Dean School of Sciences, H.N.B. Garhwal University was invited to deliver a talk. Prof. Negi interacted with the students and motivated students by one to one discussion. Moreover, a workshop on “Nasha Mukti” (i.e. De-addiction) was also organized by DACE to increase awareness of students about the impact of addiction on the society. At the end of workshop a pledge was also taken by all the participants not to indulge in any kind of addiction and also spread public awareness about the consequences of addiction. UPSC-CSE preparation and guidance session was organized by DACE by inviting Prof. S.P. Kala, former Professor of Management and an ex-civil servant with 15+ years beaurocratic experience.
