National Technology Day

We are pleased to inform you that HNB Garhwal University and IIC celebrated National Technology Day with great enthusiasm on 11 May 2023. The event aimed to acknowledge and appreciate the significant contributions made by technology in various sectors of our society.

The National Technology Day celebration at HNB Garhwal University included a series of engaging activities, interactive sessions, and exhibitions that showcased the technological advancements and innovations achieved by students and faculty members. The event provided a platform for participants to exchange knowledge, ideas, and experiences, fostering a culture of innovation and collaboration.

Highlights of the National Technology Day Celebration:

- 1. Listened to Inaugural session addressed by Hon'ble Prime Minister Mr. Modi ji.
- 2. Inauguration Ceremony: The event commenced with an inaugural ceremony graced by esteemed dignitaries, faculty members, and students. It included inspiring speeches that emphasized the importance of technology in driving progress and development.
- 3. Exhibitions and Demonstrations: Various departments and research centers organized interactive exhibitions and demonstrations, showcasing cutting-edge technologies, projects, and prototypes. Visitors had the opportunity to witness the practical applications of technology across diverse fields.
- 4. Expert lectures:

Inviting guest speakers to share their expertise and insights with students and faculty is a great way to enhance the learning experience and create a vibrant intellectual community on a university campus. In this context, Institution's Innovation Council (IIC) of Hemvati Nandan Bahuguna Garhwal (A Central) University organized an invited guest lecture on "Artificial Intelligence and its impact on life & work" to engage its students and faculty members in a stimulating discussion on one of the most transformative technologies of our time. The lecture was presided by Dr. Jayanti Prasad (Alumni, HNBGU) who is Data Scientist at Digital Intelligent Systems (DISYS) Pvt Ltd India Chennai. Dr. Prasad is known for his research at IUCAA with LIGO that was well appreciated, and he was also part of the team that made the first discovery of the black hole merger event in 2015, receiving many awards and co-authoring 100+ publications with LIGO.

The speaker delivered a keynote presentation on the latest trends and challenges in AI and engage the audience in a Q&A session to explore their perspectives, concerns, and ideas. The lecture was open to students and faculty from various departments and disciplines, such as computer science, engineering, pharmacy, etc., to foster interdisciplinary dialogue and collaboration.

During the lecture another invited personality, Dr. Bhagwati Prasad, other alumni of Hemvati Nandan Bahuguna Garhwal and now working as assistant professor in one of the India's premiere institution Department of Materials Engineering, Indian Institute of Science, Bangalore was also present. He interacted with the students present at guest lecture and guided with them with plethora of career opportunities in their respective fields.

Overall, the invited guest lecture on "Artificial Intelligence and its impact on life & work" led by Dr. Jayanti, followed by interaction by Dr. Bhagwati on "Career opportunities in higher education in Science & Technology" provided Hemvati Nandan Bahuguna Garhwal (A Central) University's community with a unique opportunity to learn from a leading expert in a rapidly evolving field, gain new insights and perspectives, and engage in a thought-provoking conversation about the future of AI and its implications for society.

The National Technology Day Celebration thus at HNB Garhwal University served as a platform for students, faculty, and industry professionals to come together, exchange ideas, and explore new avenues in technology. It showcased the university's commitment to nurturing a technologically-driven ecosystem that empowers individuals to contribute to the nation's progress.

We extend our gratitude to all participants, sponsors, and volunteers who contributed to the success of this event. Their support and enthusiasm made the celebration truly memorable.

We look forward to organizing more such events in the future, fostering innovation and technological advancements within our academic community.

Best regards
