

The University is using in-house application for managing examination systems. The application runs on open source tools like CentOS Linux with XAMPP (PHP/MYSQL combo). The modules in the application are accessible via subdomain (<https://online.hnbgu.ac.in>) which accomplish the following:

1. Registration of the Students for Examination
2. Payment of Examination, Degree, Registration and Other Fees
3. Information related to affiliated colleges for a year
4. Information related to subjects offered in various courses
5. College login to verify the student list for respective college
6. Faculty login to fill up the marks for respective subject papers
7. Control login for processing results with grainuality upto a exam centre level to process results in combination of year, subject, college, semester
8. Facility to print the dummy chart for correction by secrecy (exam) section
9. Facility to print the final charts (two copies) for secrecy and exam sections
10. Result declaration in respective student login
11. Subject-Semester-Examcentre wise marksheet printing

Sample screenshots for registration, hall ticket and result processing are placed in the subsequent pages.
