

Name	<b>Dr. Anil D. Shukla</b>
Present Address	Professor (Associate) Dept. of Geology, School of Earth Science Hemwati Nandan Bahuguna University (HNBGU) Srinagar Garhwal-246174, Uttarakhand, India
Mobile:-	9377924637/7016324637
Email	<a href="mailto:anildshukla@gmail.com"><u>anildshukla@gmail.com</u></a> (h-index: 26; i-index-62) <a href="https://scholar.google.com/citations?user=Y8SLE9sAAAAJ">https://scholar.google.com/citations?user=Y8SLE9sAAAAJ</a>

#### **Academic Qualification:**

**Ph.D. (Geology)** entitled “Geochemical and isotopic investigation of some sedimentary sequences of the Vindhyan Super group, Rajasthan, India” from the M S University of Baroda, Vadodara, India (2012).

**M. Tech. (Civil Engineering)** specialization in ‘Engineering Geology’, from Indian Institute of Technology, Kanpur, India (1993).

#### **Professional Fellowship/Memberships and Recognitions:**

- Fellow of “Indian Geophysical Union (IGU)”
- Fellow of “The Society of Earth Scientists India”
- Editorial Board of the international Journal “Geomatics, Natural Hazards & Risk”
- Life Member of “Indian Association of Nuclear Chemists and Allied Scientists”

#### **Research Interests:**

- Precambrian Earth’s history through sedimentary archives
- Provenance studies of sedimentary basins
- Major catastrophic/ geological events on the Earth’s history
- Fluvial aggradations and paleofloods during the late Quaternary in Central and Western Himalaya
- Evolution of landforms through sedimentary geochemistry and chronology
- Paleoglaciations records in Himalayas
- Planetary analogs of Moon & Mars
- Impact craters
- Indian meteorites: for characterization and chemical classifications and cosmic ray interactions

#### **Technical Expertise**

- Mass Spectrometry (MCICPMS and TIMS)
- Q-Inductively coupled Plasma -mass spectrometry (ICPMS)
- Femtosecond Laser Ablation-MCICPMS
- X-ray Fluorescence Spectrometry
- Gamma rays spectrometry
- Electron Probe Microanalysis
- Scanning Electron microscopy
- Micro-Raman Spectroscopy
- Optically stimulated luminescence (OSL) Chronology

#### **Academic Activities:**

- Recognized Ph.D. Guide of Gujarat University, Ahmedabad and IIT Gandhinagar
- Teaching and guiding regularly of Ph.D. Scholars at PRL

- Courses taken: Physics Chemistry of Solar System, Analytical Geochemistry, Earth Surface Processes and Geochemical Methods and Applications
- Doctoral Research Advisory Committee of Ph.D. students at PRL working in the field of Earth & Planetary Sciences.

**Seminars/Invited talks:**

- Given talks at various international and national conferences and meetings.
- Lectures to Graduate and Post Graduate students in MS University Baroda./Kachchh University Bhuj, India

**Mentorships/Supervisions:**

• **Post-Doctoral Scholars:**

- 1) Dr. Amrita Dutt: working on the ophiolite sequences in eastern Arunachal Pradesh
- 2) Dr. Abhinay Sharma: working on mafic/ultramafic rocks from the Central Indian Suture zone, now Assistant Professor, Ravenshaw University, Cuttack.
- 3) Dr. Amitav Patra, now at BHU, completed project on PETM events from Jaisalmer Basin, Rajasthan India, Now working in a Private Geological Survey Company.
- 4) Dr. Shubhra Sharma now Assist. Professor at BHU, worked on Paleoglaciations of Western Zanskar and Paleofloods records in Central Himalaya, still working on the Paleofloods records. Now Assistant Professor at PRL Ahmedabad

• **Doctoral Students:**

**Awarded.** Ms. Anuradha Patel from JNU: submitted the thesis in November 2022 on Deccan basalt weathering in various climate regimes.

**Submitted:** Ms. Neha Chauhan, working on Alluvial fans and its role in evolution of landforms in Central Himalaya, Garhwal

**Under Progress**

1. MS. Ayushi Bhatnagar (DST-INSPIRE Fellow), working on Evolution of Great Rann of Kachchh
2. Ms. Mudita Tater (DST-INSPIRE) working on Anorthosite rocks from Sighbhum craton
3. Mr. Avisek Chaudhury: Scientist at Tripura Space Application Center. Working on the sedimentary sequence of Mizoram.

- **Undergraduate students:** About 12 students worked with me as summer/winter Internship as well as for their Post Graduate Dissertations

**Reviewer's services:**

- Members Editorial Board “Geomatics, Natural Hazards & Risk”
- Geology, Frontier in Earth Sciences, Journal of Mountain Science, Geomatics, Natural Hazards & Risk, Current Science and Journal of Earth System Science
- DST-SERB Research Proposals

**Outreach/Other Activities/services to the Scientific Communities:**

- *Institutional Representatives* in the *High-Power Committee (HPC)*, constituted by *Honorable Supreme Court of India* for evaluation of environmental impacts of the big infrastructure project of mountain highway widening in Himalayas identified as “**Chardham Pariyojana**” (All weather roads)” in Uttrakhand state of India.

- Convener of the 15<sup>th</sup> PLANEX National Workshop organized at PRL from January 4 to 10, 2015 entitled Moon and Mars analogues through remote sensing and field studies.
- Guiding Summer Internships from the Indian Science Academies'

### Complete List of Publications

1. A. Dutt, **A. D. Shukla**, A. K. Singh, A. Narayanan (2024) A hydrous sub-arc mantle domain within the northeastern Neo-Tethyan ophiolites: Insights from cumulate hornblendites *Geochemistry*, 126122, <https://doi.org/10.1016/j.chemer.2024.126122>.
2. A Bhatnagar, **AD Shukla**, M Ngangom, MG Thakkar, J. Dubey, R. Bhushan (2024) Analysis of sediment provenance using geochemical and isotopic data for a post-LGM sediment core from the western Great Rann of Kachchh, India: Implications for climate control on source regions, *Palaeogeography, Palaeoclimatology, Palaeoecology*, # 112185
3. SK Khare, **AD Shukla**, AS Venkatesh (2024) Vanadium rich Fe-Ti oxide and Cu-sulphide mineralization in Paleoproterozoic Mangikhuta volcanics, Central Indian Craton: metallogenetic and petrogenetic implications, *Ore and Energy Resource Geology*, # 100041
4. S Sharma and **AD Shukla** (2024) Mid-Holocene climate-glacier relationship inferred from landforms and relict lake sequence, Southern Zanskar ranges, NW Himalaya, *Geomorphology*, 444, # 108953
5. P Prasad, VJ Loveson, V Kumar, **AD Shukla**, P. Chandra, S. Verma, R. Yadav, R. Magotra, GM Tirodkar (2023) Reconstruction of Holocene relative sea-level from beach ridges of the central west coast of India using GPR and OSL dating *Geomorphology*, 442#108914
6. S Sharma and **AD Shukla** (2023) Need to declare the Higher Himalaya an eco-sensitive zone. *Current Science*, #8, 822-23
7. N. Chauhan, Y. Sundriyal, S. Kaushik, P. Chahal, DK Panda, D Banerjee, A Narayanan, **AD Shukla** (2023) Chronology and paleoclimatic implications of the upper Ganga catchment floods since Marine Isotopic Stage-2, *Palaeogeography, Palaeoclimatology, Palaeoecology*, 620, #111566
8. D Ray, **AD Shukla** and A Bhardwaj (2023) Meteorite Fall in Bhojade Village, Kopargaon Taluk, Ahmednagar District, Maharashtra, India, *Current Science*, 1138-39
9. A. R. Pratihari, V. S. Hegde, N. R. McKenzie, H. E. Frimmel, **Anil D. Shukla** and S. Hulaji (2023) Provenance of the conglomerate and siliciclastic rocks from the Gadag Greenstone Belt, Western Dharwar Craton, India: Implications for understanding Neoarchean basin margin sedimentation, *Geological Journal*, 2023, 134; DOI: 10.1002/gj.4699
