## **Hemwati Nandan Bahuguna**

**(25 April 1919 - 17 March 1989)**

Hemwati Nandan Bahuguna, born in Devbhumi Uttarakhand, by virtue of his life of an eternal Karma yogi and a statesman, lifted the glory of Garhwal and India up to the supernal heights. He received his early education from Garhwal region and later on shaped his academic and political career from Allahabad University. Hemwati Nandan Bahuguna was a man of commitment and firmly believed in multi-religious, multi-lingual, and multi-ethnic fabric of Indian society. Risen in politics from the lowest strata this patriotic politician eternally detached himself from all petty selfish motives and refused to compromise with fundamentalism and regionalism.

The history of his political life is full of twist and turns but despite the blows of time and fate, he steered the wheel of his life like the ever-flowing Ganges. Hemwati Nandan, 'the son of the mountains' proved true to his name. He never lost his cool even in the odds emerging off and on in his life. He was one of those few politicians in India who advocated corruption free, neat, and clean administration. He held important ministerial positions for long terms in the Union and State Government.

It was his firm conviction that the autonomy of the democratic institutions should be respected and maintained by the executive machinery. He always emphasized upon the autonomy of the Universities. During his tenure as the Chief Minister of Uttar Pradesh he took special care to maintain the dignity of the status of the Vice-Chancellors. The tremendous love and concern which he manifested towards the teaching community is remembered by teachers to this day with gratitude. All of us will always remember him for his efficient administration and strong commitment, he showed for the all-round development of Garhwal University. Adopting the name of Shri Bahuguna ji for the University, and thereby overwhelmingly portraying its distinctive identity, we salute the late Sri Hemwati Nandan Bahuguna, the true son of the soil.

# **HEMVATI NANDAN BAHUGUNA GARHWAL UNIVERSITY**

## **An Educational Legacy in the Heart of the Himalayas**

Founded on December 1, 1973, Hemvati Nandan Bahuguna Garhwal University was originally established as Garhwal University following a historic grassroots movement that advocated accessible higher education for the Garhwal region of Uttarakhand. In 1989, the University was renamed in honour of the visionary leader Shri Hemvati Nandan Bahuguna, reflecting his enduring commitment to inclusive development and regional empowerment.

The University attained the status of a Central University in 2009 under the Central Universities Act, marking a significant milestone in its journey toward academic distinction. Since then, HNB Garhwal University has emerged as a premier institution of higher education in India, recognised for its dedication to academic excellence, regional development, and community engagement. Its diverse academic programmes, vibrant research culture, and inclusive outreach initiatives have contributed to its growing Pan-India character, attracting students and scholars from across the country.

Nestled in the Himalayan foothills of Uttarakhand, the University functions as both a residential and affiliating institution of higher learning. Its jurisdiction extends across the seven districts of the Garhwal region through its headquarters in Srinagar and three campuses: Birla Campus (Srinagar), with an extension at Chauras; Dr. Bejawada Gopal Reddy (BGR) Campus (Pauri); and Swami Ram Teerth (SRT) Campus (Badshahi Thaul, Tehri). In addition, 64 affiliated colleges /institutes further expand the University's academic reach across the region.

Accredited with an 'A' Grade by NAAC, the University has implemented the National Education Policy (NEP) 2020 since the Academic Year 2022. The 50 departments under 11 Schools of Study across the University campuses offer academic programmes in diverse disciplines, including region-specific courses tailored to the Himalayan region's socio-economic and ecological needs. At present, 14 undergraduate, 60 postgraduate (2 year), 32 postgraduate (1 year), 01 dual degree integrated (4 year), 01 integrated (5 year), 05 postgraduate diploma, 03 diploma, 01 certificate, and 05 other programmes of study are offered across the three campuses. Additionally, doctoral research opportunities are available in 48 disciplines.

Beyond academics, the University actively promotes holistic student development through extension and co-curricular activities such as NSS, NCC, cultural exchanges, sporting events and various Government of India initiatives including Ek Bharat Shreshtha Bharat, Viksit Bharat Youth Parliament, Unnat Bharat Abhiyan, and Swachhta Hi Seva Hai Abhiyan. In the academic year 2025–26, the University enrolled more than 45,000 students, including 11,251 students across its campuses.

HNB Garhwal University is more than a centre of learning—it is a vibrant space where ideas flourish, diverse traditions converge, and future leaders are nurtured. Set amidst a serene natural environment, the University fosters critical inquiry, sustainable thinking, and social responsibility. As a confluence of tradition and innovation, it remains committed to advancing knowledge that serves both national aspirations and the unique needs of India's mountain communities.

## Vice-Chancellor's Message

Dear Students,

As I complete my one year as Vice-Chancellor of Hemvati Nandan Bahuguna Garhwal University, I found myself not thinking about statistics and accomplishments, but about my interactions with students, thoughtful exchanges with faculty and staff, and the inspiring mountains surrounding our campuses that shape our perspective and ideas.

A university is not built in just one year. It grows slowly through learning, questions, and curiosity. Our University, located in the Himalayas, is special because of its rich culture, natural beauty, and close connection to the local community. Over the years, we have worked to make classrooms more interactive, research more connected to society, and university systems more student-centric.

At the same time, we are adapting to changes in higher education, especially the vision of the National Education Policy (NEP) 2020. For us, this is not only about following a policy, but about improving the way we teach and learn. We want students to study different subjects with depth, use technology wisely, and prepare not only for careers but also for life in a changing world.

I am proud of our students, who balance their dreams and ambitions with responsibility and respect for their roots. I also appreciate our faculty members, who continue to support the University with dedication, even in difficult situations.

Our goal is not just to build a place for higher education, but to create a space where knowledge remains open, thoughtful, and meaningful. In today's fast-moving world, a university should encourage people to think deeply, reflect, and ask important questions.

To students thinking about joining us, I would say that Hemvati Nandan Bahuguna Garhwal University may not offer a ready-made path for success. Instead, it will help you grow, understand the world better, and discover yourself with greater clarity.

The mountains and the river around us may not speak, but they gently teach us patience, balance, and perspective. I believe true education should inspire the same understanding and perspective. With heartfelt wishes,

Prof. Shri Prakash Singh  
Vice-Chancellor  
Hemvati Nandan Bahuguna Garhwal University

## PROGRAMME AND COURSE STRUCTURE

Following two Multidisciplinary Programmes are offered under FYUP in the University:

- Four-Year Bachelor's Degree (Honours/Honours with Research) in ARTS with Single Major (Subject):** Anthropology, Defense Studies, Drawing & Painting, Economics, English, Geography, Hindi, History, Home Science, Mathematics, Music, Philosophy, Political Science, Psychology, Sanskrit, Sociology, Statistics, Education (in affiliated colleges).
- Four-Year Bachelor's Degree (Honours/Honours with Research) in SCIENCE with Single Major (Subject):** Anthropology, Biochemistry, Biotechnology, Botany, Chemistry, Computer Science, Défense Studies, Geography, Geology, Microbiology, Mathematics, Physics, Statistics, Zoology.

### Four-Year Bachelor's Degree (Multidisciplinary)

A four-year Bachelor's degree with Honours shall be awarded upon the successful completion of 176 academic credits, in either of the two programmes. Students will have the flexibility to choose any two subjects within their core disciplines along with the basket of courses offered under a discipline/subject.

A minimum of 88 credits must be earned in the subjects belonging to the student's Major.

### Major and Minor (Four-Year Bachelor's Degree–Honours)

A student enrolled in a FYUP studying two core subjects (Major and Minor) in the first year, and pursuing one of these subjects as the Major in the first, second, third and fourth year, shall be eligible for the award of a Bachelor's Degree with Honours with that Major subject upon successful completion of the eighth semester. This is subject to the condition that the student has earned a minimum of 88 credits (i.e. 50% of the total credits of the programme) in the Major subject out of the total 176 credits required for the programme.

These 88 credits must be accumulated through DSC/CC, SEC related to the Core Subject, DSE, Project report and Field Visit/Vocational/Internship course related to the Major Subject.

### Guidelines for Selecting a Minor in the Fourth Year (7<sup>th</sup> & 8<sup>th</sup> Semester)

In the fourth year (7<sup>th</sup> and 8<sup>th</sup> semesters) of the FYUP, students may choose their Minor course from the following:

- A Discipline Specific Core Subject that was studied up to the third year as a minor (i.e., until the 6<sup>th</sup> Semester).
- A Discipline offering a basket of MD/ID courses which the student has opted in the first and second year.

If a student opts for a Minor in a particular subject, they must undertake the Minor courses offered under the same subject in both the 7<sup>th</sup> and 8<sup>th</sup> semesters.

### Major and Minor (Four-Year Bachelor's Degree–Honours with Research)

A student enrolled in a FYUP studying two core subjects (Major and Minor) in the first year, and pursuing one of these subjects as the Major in the first, second, third and fourth year, shall be eligible for the award of a Bachelor's Degree with Honours with that Major subject upon successful completion of the eighth semester. This is subject to the condition that the student has earned a minimum of 88 credits in the Major subject out of the total 176 credits required for the programme.

These 88 credits must be accumulated through Discipline-Specific Core/Core Courses (DSC/CC), Skill Enhancement Courses (SEC) related to the core subject, Discipline-Specific Electives (DSE), a project report, field visits/vocational/internship courses related to the Core subject, Research methodology, and a Dissertation on the chosen major subject.

### Guidelines for Selecting a Minor in the Fourth Year (7<sup>th</sup> & 8<sup>th</sup> Semester)

- One DSC Subject that was studied up to the third year as a minor (i.e., from I to VI semester) *Or*

- MD/ID subject studied during the first and second year

To earn a Minor in a DSC, a student must accumulate a minimum of 24 credits in that subject over the course of the programme. If a student opts for a Minor in a Discipline specific core subject, they must undertake the Minor courses offered under the same subject in both the 7<sup>th</sup> and 8<sup>th</sup> Semester.

To earn a Minor in a MD/ ID Subject, a student must accumulate a minimum of 24 credits in that subject over the course of the programme. If a student opts for a Minor in a MD/ ID subject, they must undertake the Minor courses offered under the same subject in both the 7<sup>th</sup> and 8<sup>th</sup> Semester.

**Note:** The Departments offering a 4-Year UG Degree (Honours with Research) must have the required infrastructure such as the library, access to journals, computer lab and software, laboratory facilities to carry out experimental research work, and at least two permanent faculty members who are recognized as Ph.D. supervisors. The Departments already recognized for conducting the Ph.D. programme may conduct a 4-Year UG Degree (Honours with Research) without obtaining any approval from the University.

A wide-angle landscape photograph of a mountain valley. The foreground and middle ground are dominated by lush green grassy slopes. A river flows through the valley, its water appearing white and turbulent as it moves over rocks. In the background, rugged mountain peaks rise against a bright blue sky filled with scattered white clouds. The overall scene is vibrant and natural.
